

Technological progress for the period
October 9, 2019 to October 22, 2019

Over the past few weeks, Roobee development team has focused on developing the web-version and Roobee mobile app.

The alpha-version of the Roobee mobile app has been submitted for the first release in the App Store. Along with that, the alpha-version of the Roobee mobile app has been added to the Google Play.

In a day or two, the focus-group will start testing the alpha-version of the Roobee mobile app.

Read the development details in our report.

The graphic features a blue background with the 'roobee' logo in white at the top left. To the right of the logo is an illustration of two smartphones displaying the app interface. Below the logo, the title 'Technical summary from the development team' is written in white. Four white rounded rectangular boxes are arranged in a 2x2 grid, each containing a colored dot and a bold black text snippet. At the bottom left, a small white footnote provides context about the alpha phase.
